

Student Assignment Submission

Student Name: Osama Ahmed Sayed

Assignment Title: Portfolio and Personal Brand Starter Kit

Session: Session 4: Creating a Portfolio for Success & Personal Branding

Total Marks: 20

1. Portfolio Outline & Selected Work Samples

- **Home / Introduction:** High-impact professional headline, clear value proposition, and quick links to core profiles.
- **About Me:** Backend developer specializing in scalable web services, APIs, and .NET.
- **Projects:** Showcase of key technical projects (enterprise APIs, e-commerce systems).
- **Skills & Expertise:** C#, ASP.NET Core, SQL Server, Entity Framework, Git, RESTful APIs.
- **Contact:** Professional email, contact form, and links to professional handles.

2. Project Case Study: E-Commerce RESTful API

- **Objective:** Design/deploy a secure, high-performance e-commerce backend service.
- **My Role:** Backend Developer / System Architect.
- **Process:** Repository/service layer principles, SQL Server design, JWT authentication, Swagger documentation.
- **Tools:** C#, ASP.NET Core, SQL Server, EF Core, Postman, GitHub.
- **Value/Result:** Replaced manual sheets with an automated, reliable, high-performance service.

3. Personal Brand Statement & Elevator Pitch

Personal Brand Statement: Passionate Backend Software Developer dedicated to engineering robust, scalable, and high-performance web applications and APIs.

30-Second Elevator Pitch: "Hi, I'm Osama Ahmed Sayed, a backend software developer specializing in building scalable web applications and secure RESTful APIs using ASP.NET Core

and C#. I focus on turning complex requirements into clean, high-performance database-driven architectures. Let's connect and build something impactful together!"
